The Auditor reported for the months of June, July, and August 2021. The year-to-date revenue in June totaled \$3,538,580.29. Year-to-date expenses totaled \$3,091,474.51 for an ending balance of \$2,853,505.38.

The year-to-date revenue in July totaled \$4,288,772.24. Year-to-date expenses totaled \$3,826,170.02 for an ending balance of \$2,761,461.35.

The year-to-date revenue in August totaled \$5,068,895.95. Year-to-date expenses totaled \$4,390,830.82 for an ending balance of \$3,026,367.24.

The City received the American Rescue Funds in August which has caused revenue to stay strong. It has been a good year. The Audits have been submitted and approved and the results will be available to the public when they are released. R. Sappington said he was glad to have Mr. Dolezal here tonight. Tax revenue is good, but our software is dated. No one wants to invest in the software except RITA, so he feels it is a no brainer, along with the City Manager and several of the department heads.

The Auditor said he two big items that are a worry to him is the census count and the tax changes at the state level that would allow people to request retroactive tax refunds during Covid if their employers sent them home.

Sherman made a motion to approve the Auditor's/Treasurer's Reports as presented. Mr. Dunfee seconded the motion. **ROLL CALL:** All Council members voted yea.

#### **BUISNESS AND ORGANIZATIONS COMMENTS**

Mr. Al Dolezal, a representative of the Regional Income Tax Agency (RITA) made a presentation to Council regarding process and depth of their service and the benefits to Nelsonville. RITA does administrative tax work for municipalities. The agency is owned by its members and so is a nonprofit. The key is one overhead which keeps the cost of tax administration down. It is a start to finish administration. They have agreements with the IRS and the State of Ohio. In answer to questions from Ms. Jones, the Auditor said the goal is to increase revenue and decrease costs and overhead in his office. There is no one specifically designated to do tax collections except himself, and it would be helpful to him. It will also make filing taxes easier for residents. Ms. Jones also asked if RITA could work with local tax preparers outside the large companies like H&R Block. Mr. Dolezal said they would need to know what programs are used by the local agencies.

#### **COMMITTEE DISCUSSION**

Mr. Dunfee reported on a **Recreation Committee** meeting. They discussed improvements to Polley Field and Nelson Commons. The pool house will be

painted and some of the old lights that were on the square will be repurposed for Nelson Commons. They also discussed moving the playground at Polley Field up towards the front. AEP gifted a ship to be used at the playground.

Ms. Grant reported on a **Finance Committee** meeting where the census was discussed along with the previous attorney's bill. They also talked about the 2022 budget and legislation for the agenda tonight.

Ms. Jones reported on a **Planning and Development Committee** meeting. A request from some residents near the city limit was discussed. They are interested in their properties being moved out of the City. The issue was sent to Mr. Toy for an opinion. They also discussed an AEP grant to put electric vehicle charging stations near the Public Square. Mr. Sherman asked to be informed because he was considering having a charging station at his hotel.

#### **CODE ENFORCEMENT UPDATE**

Code Officer, Becky Barber, reported 68 nuisance cases have been written, six citations for Mayor's Court, and nine permits have been issued since her last report. She reminded rental property owners that rental registration forms will be sent in October, and she asked that they please make sure to update the information if necessary. Dave Martin, the city's newest Hap Cap participant, is working at the front desk in the City Manager's office. She also reminded residents that until October 31 grass must be kept to 8" or less.
